

TO: Air Quality Board

THROUGH: Bryce C. Bird, Executive Secretary

FROM: Liam Thrailkill, Rules Coordinator

DATE: March 4, 2020

SUBJECT: PROPOSE FOR PUBLIC COMMENT: Amend R307-101-3. Version of Code of Federal Regulations Incorporated by Reference; R307-210. Standards of Performance for New and Stationary Sources; R307-214. National Emissions Standards for Hazardous Air Pollutants; R307-405-2. Permits: Major sources in Attainment or Unclassified Areas (PSD). Applicability; and R307-410. Permits: Emissions Impact Analysis.

---

R307-101-3, Version of Code of Federal Regulations Incorporated by Reference, must be updated periodically to reflect changes to the federal air quality regulations as published in Title 40 of the Code of Federal Regulations (40 CFR). All published changes to 40 CFR that are relevant to the Utah Air Quality Rules from July 1, 2017, to July 1, 2019, are listed in the attached document named *Summary of Changes for R307-101-3*. The rule has been amended to identify the most recent version of 40 CFR, July 1, 2019, as the version that is incorporated throughout the Utah Air Quality Rules.

R307-210, Standards of Performance for New Stationary Sources (NSPS), must be updated periodically to reflect changes to federal air quality regulations found in Title 40 of the Code of Federal Regulations (40 CFR) Part 60. All published changes to 40 CFR Part 60 from July 1, 2017, to July 1, 2019, are listed in the attached document named *Summary of Changes for R307-210*. To reflect these changes, R307-210 must be amended to incorporate by reference the July 1, 2019, version of 40 CFR Part 60.

R307-214, National Emission Standards for Hazardous Air Pollutants (NESHAPs), must be updated periodically to reflect changes to the NESHAPs as published in Title 40 of the Code of Federal Regulations (40 CFR) Parts 61 and 63. All published changes to 40 CFR Parts 61 and 63 from July 1, 2017, to July 1, 2019, are listed in the attached document named *Summary of Changes for R307-214*. To reflect these changes, R307-214 must be amended to incorporate by reference the July 1, 2019, version of 40 CFR Parts 61 and 63.

R307-405-2. Permits: Major sources in Attainment or Unclassified Areas (PSD). Applicability; and R307-410. Permits: Emissions Impact Analysis, currently need to be amended individually to incorporate the most recent version of the Code of Federal Regulations. To streamline the process, DAQ staff have amended both rules for future rulemaking. With the amended changes, R307-405-2 and R307-410 will no longer need

to be amended individually to update their Code of Federal Regulations incorporation, but will now fall under R307-101-3. Since both R307-405-2 and R307-410 were amended recently to update their incorporation of the Code of Federal Regulations, there are no changes to be noted.

Recommendation: DAQ staff recommends that the Board propose the amended R307-101-3, R307-210, R307-214, R307-405-2, and R307-410 for public comment.
